Cameras should be installed in sensitive areas to monitor activities and deter incidents of ragging.

- **Implement a Confidential Reporting System:**

Students should be informed about where and how to report incidents, including the contact details (addresses and telephone numbers) of the concerned authorities.

- **Assign Staff to Mentor Small Groups of Freshers:**

Faculty members should be assigned to interact with small groups of first-year students to help them adjust and address any issues they may face.

Sexual harassment refers to any unwanted or unwelcome behavior of a sexual nature that makes a person feel offended, humiliated, or intimidated. If a person experiences or witnesses any inappropriate physical, verbal, or non-verbal behavior of a sexual nature, it is considered sexual harassment.

➤ **Examples of sexual harassment include:**

Making sexual comments or jokes about someone's body or appearance.

Touching, hugging, or kissing someone without their consent.

Showing or sending sexual pictures, videos, or messages.

Asking for sexual favors in exchange for benefits (such as a job or promotion).

Making inappropriate sexual gestures or staring in a suggestive manner.

Purpose and Importance

• **Informing Individuals:**

It provides a clear understanding of what constitutes sexual harassment and what is considered acceptable conduct within the organization.

• **Establishing Procedures:**

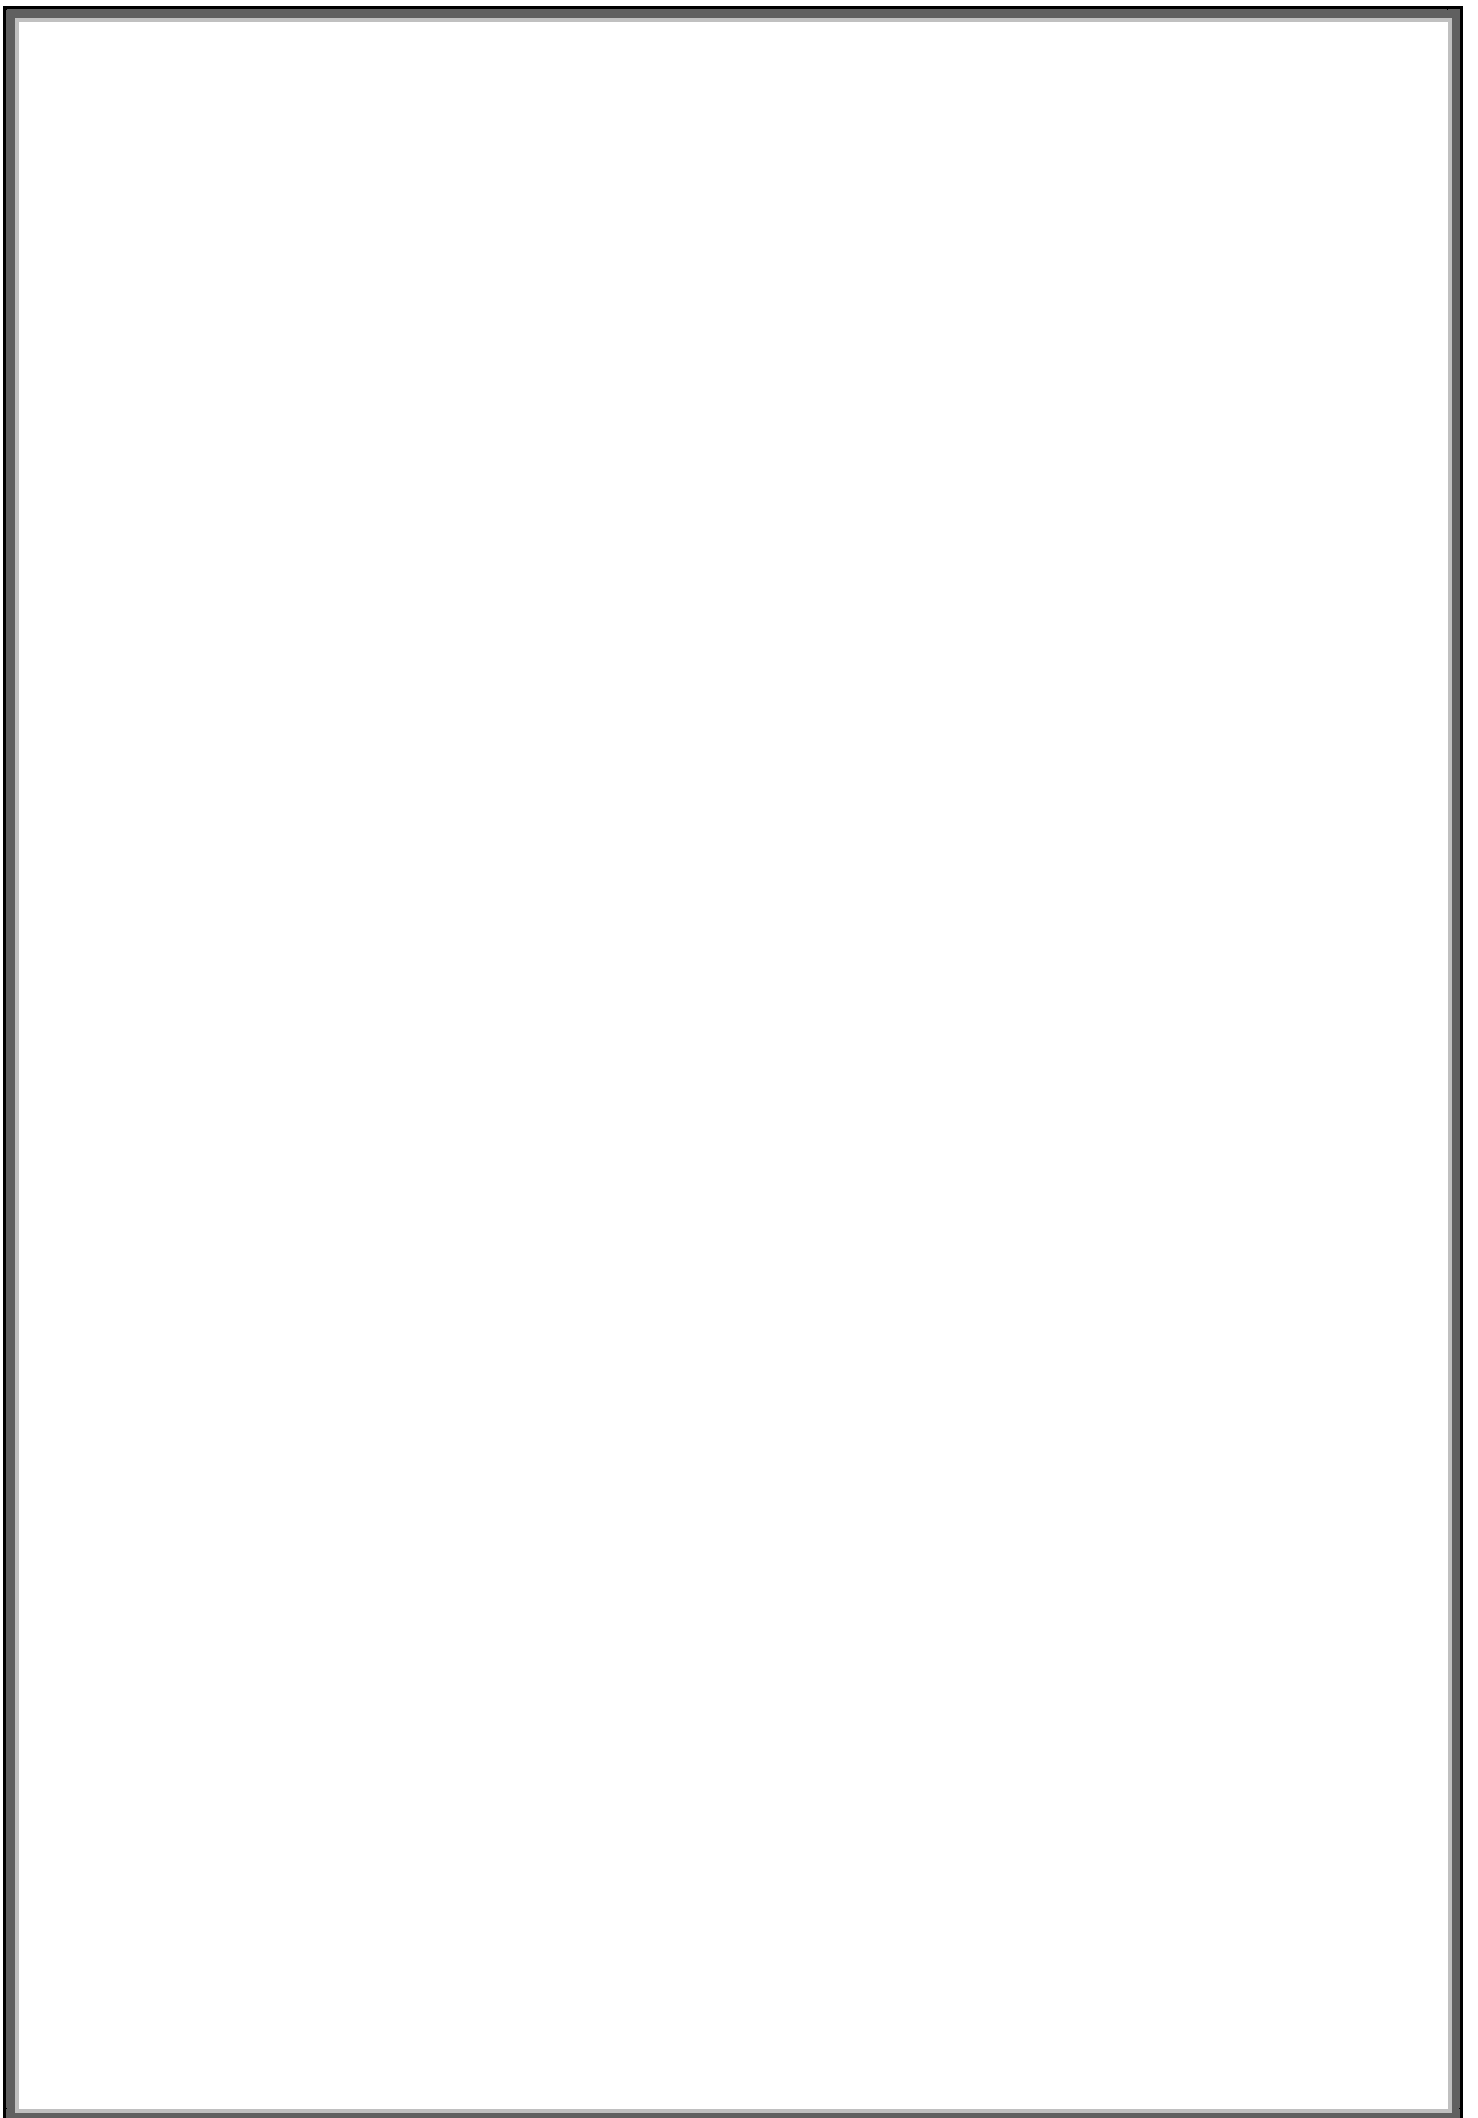

It outlines the process for filing a complaint, which may include multiple channels such as a designated representative, a helpline, or an ombudsperson, rather than relying solely on a direct supervisor.

• **Promoting a Safe Environment:**

The primary goal is to create a work or learning environment free from discrimination, hostility, and intimidation, ensuring respect for the dignity and safety of all individuals.
